

**International Council
for Research and Innovation
in Building and Construction**

CIB Mission

we focus on:

Construction and Society

we support:

international cooperation in research and innovation
for better buildings and a better built environment

we provide:

access to experts and information worldwide

CIB was established in 1953
with support of the United
Nations and holds a UN
Special Consultative Status

CIB Members and Benefits

Members are individuals, companies, institutes, agencies and other types of organizations who want to exchange information and collaborate in the area of research and innovation for building and construction. Their professional focus may be on programming or executing research, or on dissemination and application of outcomes from research. This includes people and organisations with a research, university, industry or government background.

Members have immediate access to the world's leading experts and expertise and are facilitated to present and validate their own knowledge and technology. They are also offered opportunities for collaboration in international projects. In these, leading experts bring state-of-the-art technologies together in support of continuous improvements of building and construction systems, processes and technologies all over the world.
